### **Private Tour**

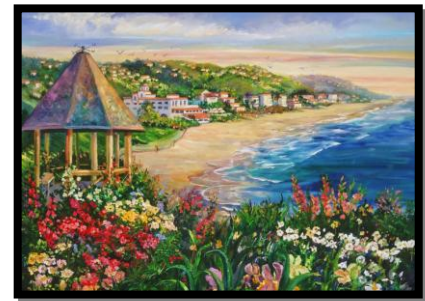

**Enjoy and learn** about art by taking a private tour of the Laguna Beach art colony with an experienced artist and long time local resident, Marjorie Kinney. You will be given a map to enhance your visit. Marge will share pictures of plein air impressionism art works as the coach delivers you from one end of town to the other.

### **Visit Galleries Featuring Top Artists**

We will view California Impressionism and galleries that feature landscapes, local and international scenes, sculpture, and abstracts. As an option, we will visit the private studios of top artists. You will see so much more in a very short time while enjoying transportation in a comfortable coach.

View the ocean from a bluff top gazebo and enjoy the breathtaking views. Shop on colorful and popular Forest Avenue. The street has galleries, jewelers, gift shops, bakeries, an ice cream shop, an old-fashioned barrel candy store, and a chocolatier. Visit a spectacular sculpture garden, hidden Pepper Tree Lane, and much more!

Guests vote this tour the best ever! Sign up early to enjoy a wonderful day!
