

Art Tour of Coastal Laguna Beach

Led by Well Known Artist Marge Kinney

This tour is available for conference attendees at hotels located in South Orange County and San Diego County in California. It is necessary to book reservations in advance, at the time the conference is being organized by your meeting planner. Tour available through accredited DMC's (destination management firms/departments.)

Enjoy and learn about art by taking a private tour of the Laguna Beach art colony with an experienced artist and long time local resident, Marge Kinney. You will be given a map to enhance your visit. Marge will share pictures of plein air impressionism art works as the coach delivers you from one end of town to the other.

We will visit galleries featuring top artists. We will view California Impressionism, and galleries that feature landscapes, local and international scenes, sculpture, and abstracts. As an option, we will visit the private studios of top artists. You will see so much more in a very short time riding in a comfortable coach.

View the ocean from a bluff top gazebo and enjoy the breath-taking views. Shop on colorful and popular Forest Avenue. Visit galleries, jewelers, gift shops, bakeries, the ice cream shop, an old-fashioned barrel candy store, and a chocolatier. Visit a spectacular sculpture garden, hidden Pepper Tree Lane, and much more! Guests vote this tour the best ever!
